**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Few weeks ago when I was shopping for high speed (fiber) internet service for my home, I love the ability to choose from at least 2 service providers in my neighborhood. On one hand AT&T offer a higher price and give me less, on the other hand Sonic.net charge less and give me more. This is a healthy economic that allow multiple companies to compete in a open market place. From a consumer point of view, this is absolute necessary.

Thanks for your consideration.
